Docket No. 98N-1265

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: My compounded prescription makes it possible for me to enjoy a comfortable life & I object to the FDA restricting my ability to purchase medication prescribed by my physician where I choose! I see no reason, except greed, for this restriction and I urge you not to adopt this MOU. The government and big business have involved themselves in every aspect of our lives lets not take any more control from the patient & her physician.

Thank you.
